Sumitomo Rubber Industries' internal audit function is the responsibility of the Audit Department. Under the direct control of the president, the Audit Department is composed of 12 staff and one full-time assistant to the corporate auditors. The Audit Department conducts audits of the Group as a whole and evaluates its internal control system over the Group's financial reporting. In accordance with audit policies and annual internal audit plans, the Audit Department implements onsite audits of the Head Office, major business sites and subsidiaries to evaluate the efficacy, efficiency and degree of compliance adequacy in connection with the execution of operations at each division and department and related Group company. On the completion of an internal audit, the results and any recommendations for improvement are reported to the president and the Board of Auditors in an effort to ensure reciprocal collaboration.
