### **Challenger Award Scheme**

Dear Mr Tanaka

In 2012, the ATP and ITF Members of the Challenger Committee decided that, as well as awarding the 'Jim Mcmanus' Trophy for the best overall Challenger each year, two regional awards would be given to tournaments which have made outstanding contributions to our calendar.

We are delighted to inform you that the 'Dunlop World Challenge Tennis Tournament' in Toyota has been selected as the best tournament in 2012 in the Asian region.

This event is run to an extremely high standard and is outstanding in terms of facilities, organisation and promotion. In addition, the professionalism of your staff and your long term commitment to the calendar, has ensured that the week in Toyota is an event that players appreciate and look forward to and which has become an important stop on our Asian.

As the Asian regional winner of this award, you will be receiving a trophy from the Challenger Committee, which will be forwarded to you shortly.

May we thank you for your valued contribution to the Challenger Tour and offer you our warmest congratulations on this Award.
